Manager Coyle was a disgusted individual yesterday afternoon. Hefore he had gathered his Nailers here for practice the weather had been fine but just so soon as the boys reported, the weather bureau began to fly the storm flags, and there has been nothing but rain and lots of it. It is not surprising that he is disgusted.

This afternoon a game is scheduled at the Island park between the Wheeling cam and a team of professionals organized by George England; the one-armed player, who was one if the Iron and Oll umptres in '95. The weather bureau saps there will be agame, which will be their weather this afternoon, and if it is at all possible there will be a game, which will be called at 2:30 oclock, with the teams batting in the following order:
Wheeling—O'Brien, ib: 'Faylor, sst. Lyons, 3b: Curtis, cf. McNamara, if; McSreen, rf. Kress, 2b; Mcsartt, c; Kerr, Guest and Baker, pitchers, England's professionalis—Donaghy, 3b; McKim, 1b; McMillen, 2b; Harkins, cf. Yesgle, If; Hart, as; Pennington, rf. Mitchell, c; Johnson, England and Woodward, pitchers.

If the weather prevents a game this afternoon, it is confidently expected that the weather will clear so that the teams can play on Saturday.

Three Wheeling players reported last evening. They are Messitt, O'Brien and Lyons. All of the men uppear to be in excellent condition. Messitt looks like an ideal man for back-stop work. If a game is played this afternoon the fans will no doubt turn out numerously to size up the team that is to represent the town this year.

The board of directors of the Spring field inter-state base hall feam has decided on white soits for home games, gray for traveling. The exhibition games will begin with a game with Wittenberg College, Saturday, April 17. There will be two games with Columbus, on April 19 and 20, followed by two more with Marietta on the 23d and 24th, which leaves three days between the last exhibition game and the first scheduled game, with Daylon on April 27, Jack Farrell, who has been signed to hold down short field, was the first to arrive. He played with New Castle, Pa, last year, and was fifth in fielding among the shortstope, having a record of 807 in eighty-eight games played.

mong the substitute games played.

Pitcher Win Mercer, who is somewhat of a philosopher, thinks that the little stocky, dumpy men are the hardest batsmen to pitch to, and the most difficult for the umpires to watch. He cress Childs, of the Spiders, as one of the best illustrations. "If these dumpy men are weak on a low ball," continues Mercer, "and you attempt to feed them knee-high delivery, the chances are that you will put the ball up a few inches from the ground and get a ball called on you. Then when you try to give them a high ene you put it above their shoulders. Childs, of the Spiders, is the hardest batsmen it ever did business with. His fat little shape is deceptive, and as he stands at the bal he is shorter of stature than he really, looks. Perhaps that's the reason he is such a realiable hitter. Take batsmen or his build and of the mold of Geler, of the Philes-chunky, round cupids—and they will invariably get more bisses on balls than batsmen with more inches tacked on to their height. Tall fellows like Bill Lange are easy to plich to, and if they are weak on a high ball-you can feed them on that kind of a thall and get away with it very often.

Manager Strobel, of Toledo, has been.

Manager Strobel, of Toledo, has been importuned to sell Left Fielder Smith. Shortstop Hartman and Catcher Babe Myers, of the Toledo Inter-state team, but declined to negotiate. Columbus designed the left-handed pitcher, George Kelb, but President Young notified Columbus to leave him along, as Mr. Strobel's roservation rights would be projected. Kelb had already unwittingly signed a Columbus contract, but will play here with Toledo. He is a very promising young pitcher.

The Toledo team has arranged for the following exhibition games before the season opens: At home with the Saginaw team of the Michigan League, Saturday and Sunday next. Away from home: At Indianapolis, April 18 and 18; Terre Haute, Ind., April 18 and 19, and at home with the Cleveland National League team, on the 20th.

FRANKLIN COLLEGE TEAM

Organized for this Season-A Strong Team Special Dispatch to the Intelligencer.

NEW ATHENS, Ohio, April 8.—The base ball team of Franklin College was

re-organized to-day for the coming sea-Chester Pierce was chosen manafollowing players were ger and the following players were signed: W. Buoman, C. Hughes, O. Minter, W. Harris, George Hughes, Ed. Crim, O. Boling, C. Harris, F. Baer and G. Dickenson. This will be one of the strongest teams Franklin ever had and will be one of the fastest in castern Ohio. A schedule will soughe complet-ed and clubs desiring "Sames with Franklin should address the manager at once. Amateur Base Ball.

Carroll Cinb Opening.

The Carroll Club bowling alleys were pened last night. The opening largely attended, and all were struck with the handsome and complete arrangements, the universal verdict being that the alleys are the best in the city About 8 o'clock the board of director About 8 o'clock the board of directors of the club assembled in the alleys and declared them formally opened, and to cap the climax joined with some newspaper men, guesis of the club, in rolling the first game, At the conclusion of the opening game the alleys were thrown open to the members, and bowling becam: a favorite pasttime until a late hour.

ing becam: a favorite pastting unit a late hour.

That the alleys are bound to prove popular goes without saying, as they are thoroughly up to date, fitted out in league standard style. There are four alleys of regulation size, smooth and true. One of the new features is the automatic run-way stop, adding greatly to convenience and comfort. The alleys are in the basement of the building, well ventilated and lighted by electricity. Lovers of the game will be delighted with them.

CHAIRMAN MOTTS BULLETIN.

He Re-Appoints Will Stevenson for this District.

Suspension removed — George E. Dench, Allegheny, Pa., Suspended pending investigation—J.
W. Davis, Denver, Colo.; F. H. Roberts, Keosaqua, Iówa.

AMUSEMENTS.

"The Dazzler" scintillated to the enjoyment of a large audience at the Grand Opera House last night. The farce is brighter than ever, and is presented by a cast which includes all the old favorites and many new comedians and come-diennes. During the action of the play a number of very clever specialties are in-troduced by members of the company. The audience last night was alternately The audience last night was alternately laughing and applauding throughout the evening. "The Dazzler" made such a hit as to insure large audiences during the remainder of the engagement, which continues until the close of the week. Sents at the box office.

"Wang" in all its royal magnificence, absolutely new and accurate costumes and scenery, is coming Saturday at the and scenery, is coming Saturday at the Opera House, matinee and night. "Wang" is now on its final tour, and this engagement will positively be the farewell visit of that famous opera. The part of "Wang," the regent of Siam, could hardly be better filled than by Albert Hart, who achieved great success in that part last season. Ten of the pretitest girls in "Wang," introduced a chorus of banjos that arouses great enthusiasm. These clever girls represent the daughters of the French consul at Bangkok, Siam, and their banjos are twanged for the entertainment of a number of envoys from the king of Burmah.

Strikers Return to Work.

PITTSBURGH, Pa., April 8.—The strikers all returned to work at Oliver's mill to-day and the plant is in full ope-

ration.

Byers' Mill is running single turn, many of the strikers refusing to go back at the reduction. The plant will be operated single turn until the old men decide to accept the reduced wages.

do not wake up to the truth that the slight symptoms of weakness which they feel may, at any instant, take a plunge into serious or fatal illness.

Once the "running-down" process begins it is speedy and there's no telling how it will end. To stop the loss of vitality and build up your strength and weight to the normal, healthy standard, there is nothing equal to Doctor Pierce's Golden Medical Discovery. It vitalizes the blood and promotes a rapid production of the life-giving red corpuscles. It promotes perfect digestion; enables the liver to filter all poisonous billious elements out of the circulation, arrests the farmation of morbid deposits in the vital organs and builds up new and healthy tissues. For thirty years it has been recognised as the only perfect and radioal cure for all bronchial complaints, throst and lung affections and diseases resulting from impoverished blood.

"I was taken ill in February, 1892, with a head-sake and pain is my back," writes H. Gaddis.
